

SOUTHWEST GIRLS' TENNIS BOOSTERS 2024 Season

We are excited for our 2024 season and looking forward to partnering with you to make it a big success. Your support is critical and appreciated!

What we do:

The Southwest Booster Club is a volunteer organization with the mission of supporting the tradition of a high-quality tennis program. We support the team through volunteering, organizing, communicating, and funding. Booster fees and fundraising dollars pay for scholarships to athletes who might not otherwise be able to afford to play, host team events, end-of-season banquet, senior night/gifts, purchase equipment and supplement additional coach stipends. Our families have generously supported the program and we hope you will continue that tradition.

Value:

Under the leadership of our 3 coaches, we strive to make the Girls Tennis experience fun, challenging, and meaningful for each player. Players demonstrate leadership on and off the court while building life-long athletic skills and friendships. We estimate the value of our season is about \$1600/player based on match fees and group coaching fees at local tennis clubs. We are asking for a \$150 Booster fee in 2024 which covers more than the coaching and match fees. Please reach out to your coach if you need a scholarship to cover your booster fees.

Other ways to help -

- Donate snacks on match days
- Volunteer to host an event
- Participate in our fundraisers

**Count me in to support the Girls Tennis Team! Booster fees are due by
September 15th.**

Parent Name(s): _____ Player Name: _____

Email Address _____ Cell Phone: _____
